PRAEFATIO

Quae collegimus quinquaginta tabulis Papyrorum Graecarum specimina octoginta, omnia fere Berolini in Museis Regiis conservantur; duo antea Berolinensi tunc Cairensi recepta Museo ut imagine huc revocarentur benigne permisit qui illi praeest G. MASPERO (4a. 43b); unum Hammoniae scriniis publicis adscriptum (37a) in usum nostrum prodidit E. MÜNZEL, qui bibliothecae praefectus est. Quibus viris clarissimis gratias agimus quam maximas.

In speciminibus ex ingenti multitudine papyrorum eligendis operam dedimus primum, ut discentibus materiem idoneam, qua imbuerentur arte legendi, proponeremus, deinde ut varia quae exstant papyrorum genera exemplis illustraremus, tum ut copiam haud spernendam conferremus viris artis palaeographicae peritis. Itaque et librorum fragmenta et litteras et documenta arte phototypica exprimenda curavimus atque ita disposuimus per tabulas, ut praeter omnia temporum ratio haberetur, inde a quarto a. Ch. n. saeculo usque ad octavum p. Ch. n. saeculum serie quadam constituta. Qua in re librorum fragmentis, quae temporum indicio carere solent, suum cuique locum dare temptavimus iudicio nostro freti. Tamen fieri non potuit, quin interdum ab ordine supra explicato discederemus tabularum angustiis coacti.

Quicumque specimina nostra perlegere vult eo consilio, ut a ludis puerorum ascendat gradatim ad gymnasia epheborum, ne tabularum ordinem sequatur caveat, quia sunt inter antiquissima quidem specimina, quae difficultate vix superari possint. Quam ob rem in usum discipulorum papyros praeter scriptorum fragmenta per tres classes secundum difficultates disposuimus, ita ut in una quaque classe temporum ordo observaretur.

I faciles: 2. 4a. 7a. 21d. 22a. b. 24. 27. 28. 32a. b. 34b. 35. 38b. II mediae: 4c. 6a. 8b. d. 9. 10. 14. 15b. 16a. b. 21b. c. 25. 26a. b. 33. 34a. 37a. b. c. 39. 41. 42a. b. 45. 47. 49b. III difficiles: 5. 8c. e. 12. 13. 15a. 21a. 23. 36. 38a. 46. 48a. 49a. c.

Scriptorum fragmenta: 1. 3. 4b. 6c. 7b. 8a. 11a. b. 17. 18. 19a. b. c. 20. 29a. b. 30a. b. 31. 40. 43a. b. 44a. b. 48b. 50.

Haud raro papyros alibi imaginibus expressas denuo revocavimus, quia non solum gravissimas quasque conferre voluimus, sed etiam libros, qui illis imaginibus ornantur, non omnibus inter manus esse persuasum habemus. Sed quae recepit U. WILCKEN tabulis suis infra laudatis, consilio omisimus, hunc librum una cum nostro discipulis perlustrandum esse rati.

Imagines omnes iisdem sunt mensuris quibus papyri exceptis 4a. 50a, quas propter tabularum angustias diminuimus inviti.

Praefiximus tabulis nonnullas paginas typis expressas, quibus exposuimus haec: ubi esset scripta vel reperta papyrus, ubinam publici iuris facta, quae tractaret, quibus esset adscribenda temporibus, qualis esset manus librarii. Qua in re nihil nisi editionem principem attulimus.

Transcripsimus quamquam non omnes tamen multas, adiutamenta discipulo necessaria esse rati, ne initio difficultatibus obrueretur; accedit quod librorum quoque aditus omnibus patent, paucis usui sunt. Interpunctiones addidimus more nostro; quae inveniuntur in papyris crassis typis expressae sunt. Litterae incertae punctis significantur, uncis lacunae.

Quas exscripsimus papyros nosmet ipsi denuo perlegimus; quo fit, ut nonnulla rectiora exhiberi apud nos quam in libris editis opinemur; sed neque quae ipsi attulimus neque quae aliorum emendationibus usi recepimus adscribere voluimus, quia nostrum est tabulas legentibus proponere, textus denuo edere non est.
